VISION & OBJECTIVES

Engineering Excellence. Delivering Trust.

We are driven by the pursuit of perfection—creating highly efficient systems that maximize performance while optimizing cost.

Our commitment to innovation is rooted in continuous refinement, deep technical expertise, and years of industry experience—enabling us to consistently deliver superior results.

With a strong foundation of transparency and integrity, we focus on building lasting relationships, expanding our reach, and ensuring excellence in every product and process.

We believe that true quality lies in the details—premium components that enhance durability, reliability, and the long-term performance of your equipment.

MAA GAJANAN ENTERPRISES

Precision. Performance. Prestige.

EXPERTISE

Delivering Precision. Maximizing Performance.

- ✓ We provide end-to-end crushing & screening solutions focused on improving plant productivity, operational efficiency, and maintenance optimization.
- ✓ Expert guidance for accurate equipment selection, ensuring the right solution for your specific application and long-term performance.
- ✓ Reliable on-site service & technical support to minimize downtime and keep your operations running smoothly.
- ✓ Specialized solutions for Jaw, Cone, VSI & Screening equipment repair and maintenance, ensuring maximum output and extended equipment life.

OTHER SERVICES

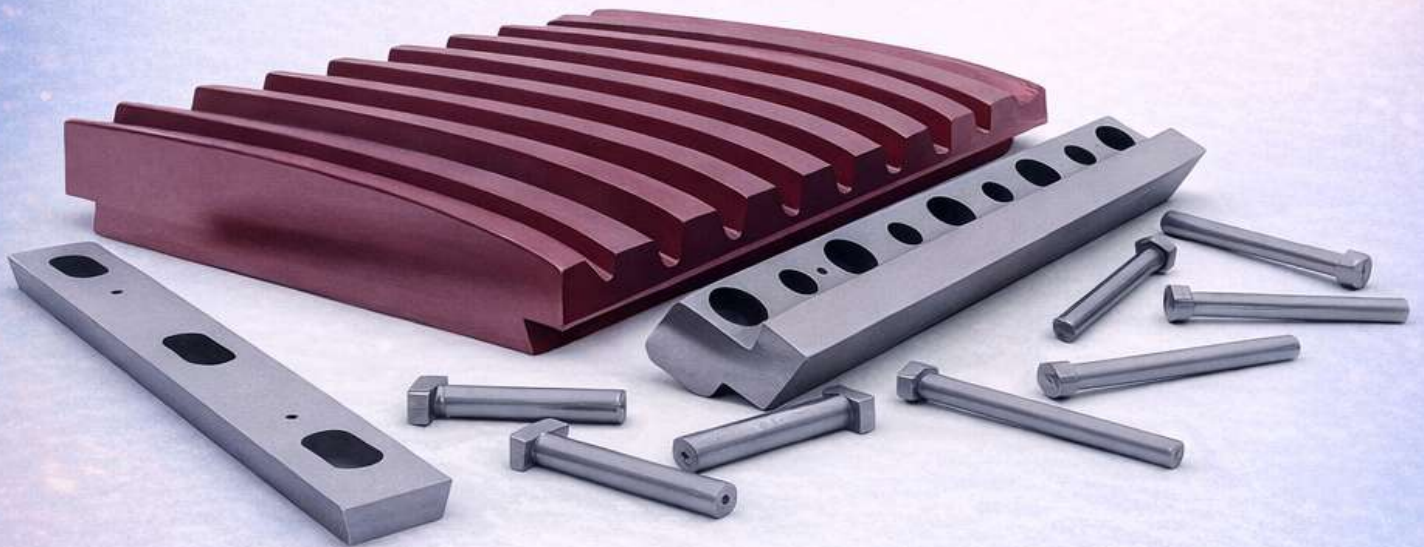

Comprehensive Support. Complete Reliability.

- ✓ Advanced machine repairing facilities with precision workmanship and quality assurance.
- ✓ Professional site inspection & consultation by experienced engineers for performance evaluation and problem-solving.
- ✓ Plant operation under AMC (Annual Maintenance Contract) with spare support—ensuring hassle-free and continuous operations.
- ✓ Expertise in VSI rotor repairing and dynamic balancing, improving efficiency, reducing vibration, and increasing lifespan.

Why Choose Us?

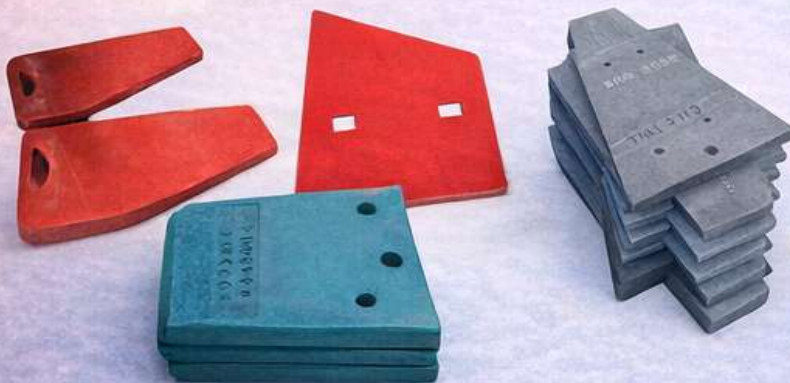

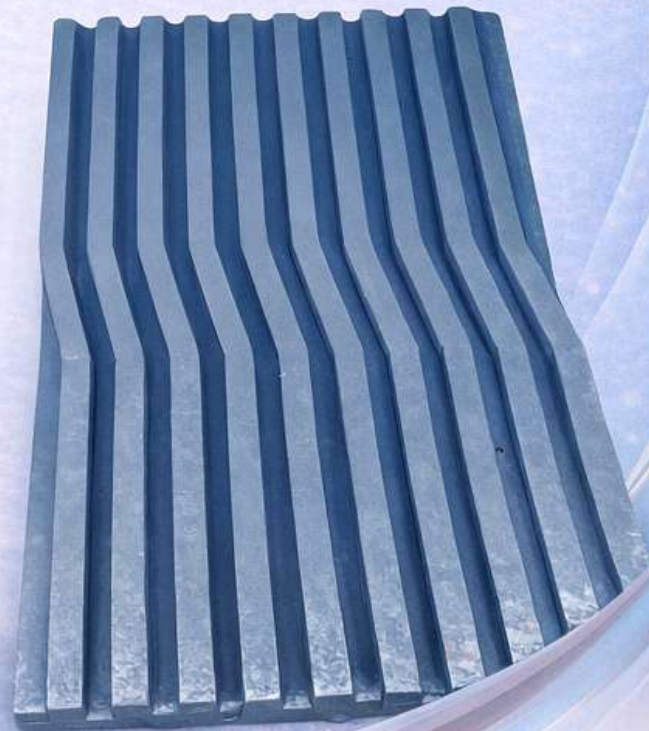

- ✓ Proven industry experience
- ✓ Cost-effective & customized solutions
- ✓ Fast response & on-time service
- ✓ Focus on long term performance, not just short-term fixes

Jaw Liners

Supplier of All Type of Jaw Plates in Different Grades with Liners and Fasteners.

- ✓ High-Quality Materials
- ✓ Available in Different Grades (Mn14Cr2, Mn18Cr2, Mn21Cr2, etc.)
- ✓ Precision Machined for Perfect Fit
- ✓ Durable and Wear-Resistant

JAW Crusher Parts

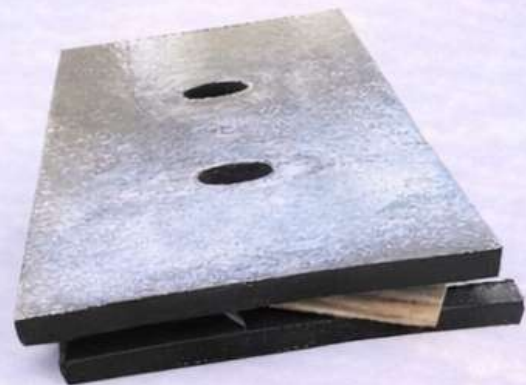

Spring

- Heavy-duty steel springs
- High tension and durability
- Essential for absorbing shock load

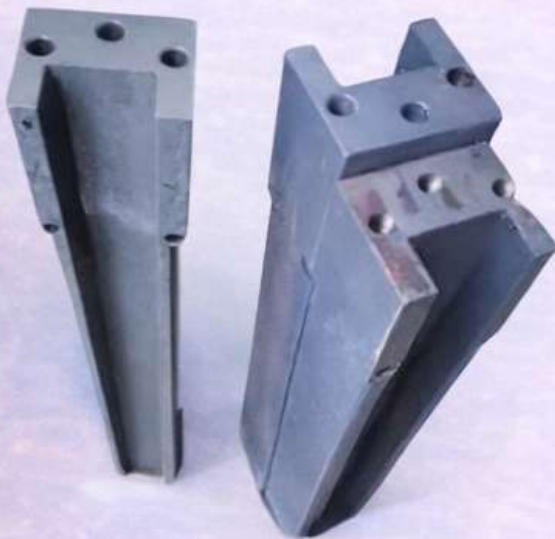

Tie Rod

TOGGLE PLATE

- Hardened steel plates
- High wear resistance
- Crucial for crushing action efficiency

TOGGLE SEAT

- Made from durable steel
- Precision machined for accurate fit
- Ensures proper alignment and stability

ADJUSTING MECHANICAL SCREW

- Allows fine adjustment of the jaw crusher
- High-strength threaded design
- Ensures precise gap setting

CONE CAVE & MANTLE

All Type of Cone Crusher Cone Cave & Mantle and Liners with Fasteners in Different Grades

Key Features:

- ✓ High Manganese Steel (Mn13 / Mn18 / Mn22)
- ✓ Excellent Wear Resistance
- ✓ Precision Fit & Easy Installation
- ✓ Long Service Life
- ✓ Suitable for All Major Cone Crushers
- ✓ High Strength & Durability
- ✓ Cost Effective Solution

Product Range:

- ✓ Cone Cave (Concave)
- ✓ Mantle
- ✓ Bowl Liner
- ✓ Backing Compound
- ✓ Fasteners (Bolts & Nuts)

Backing Compound

- ✓ Strong Adhesion
- ✓ Shock Absorption
- ✓ Gap Filling Solution

Fasteners

- ✓ High Tensile Strength
- ✓ Corrosion Resistant

Applications:

- ✓ Mining Industry
- ✓ Stone Crusher Plants
- ✓ Aggregate Industries

CONE CRUSHER PARTS

Anti Vibrating Paid

Mantle Check Nut

- ✓ THRUST BEARING PLATES
- ✓ GEAR WHEELS
- ✓ BUSHINGS
- ✓ COUNTERSHAFT ASSY.
- ✓ TOP BUSH/BEARING

- ✓ High-Quality Spare Parts
- ✓ Accurate Dimensions
- ✓ Superior Wear Resistance
- ✓ Long-Lasting Performance

CONE Crusher Parts

Cone Body Liners

- High-quality manganese steel alloys
- Excellent wear resistance and durability
- Precision machined for perfect fit

Hydraulic & Lube Pump

- Heavy-duty hydraulic pumps for lubrication
- High efficiency and long-lasting performance
- Built to withstand harsh mining conditions

CONE SPIDER BUSH / TOP BEARING

- High-precision top bearing assemblies
- Made from premium quality materials
- Ensures smooth and stable cone crusher performance
- Made from premium quality materials

VSI Parts

High Performance VSI Spare Parts
for Maximum Output & Durability

Rotor - Different type of machine and Different Port

- DISTRIBUTOR PLATE
- FEED TUBE
- FEED RING
- UPPER WEAR PLATE
- LOWER WEAR PLATE
- TRAIL PLATE
- LINER PLATE TOP & BOTTOM
- SHORT & LONG BACKUP TIPS
- TIP SET
- REQUIRED NUT & BOLTS

KEY FEATURES

- ✓ High Wear Resistance Material
- ✓ Precision Engineered Components
- ✓ Long Service Life
- ✓ Easy Installation & Maintenance
- ✓ Compatible with All Major VSI Crushers
- ✓ Heat Treated for Extra Strength

PRODUCT HIGHLIGHTS

- ✓ Accurate Fitment for Better Performance
- ✓ Reduced Downtime & Maintenance Cost
- ✓ Uniform Output Quality
- ✓ Tested for Durability & Reliability

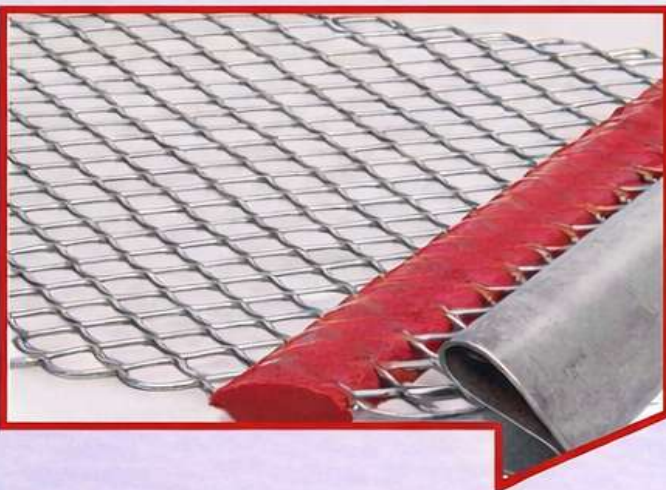

SCREEN Mesh

Polyurethane (PU) Mesh

- ✓ Highly flexible and durable
- ✓ Excellent wear and abrasion resistance
- ✓ Ideal for wet and dry applications

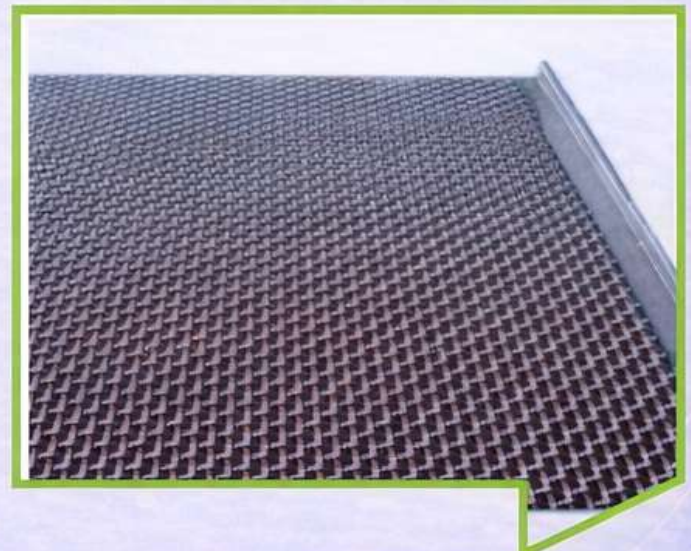

Anti-Clog Spring Wire mesh

- ✓ Prevents clogging and blinding
- ✓ High-quality galvanized spring wires
- ✓ Improves screening efficiency

Rubber Mesh

- ✓ Heavy-duty rubber construction
- ✓ Superior impact resistance
- ✓ Best for harsh and abrasive materials

MS Spring Wire Mesh

- ✓ Made from tough mild steel
- ✓ High tensile strength and durability
- ✓ Suitable for high-impact environments

General Parts

SCREEN RUBBER BEADING'S

BEARING HOUSING

ALL TYPE BEARINGS

PILLOW BLOCK'S & BEARING'S

Conveyor Parts

CONVEYOR BELT'S

IMPACT ROLLER'S

IMPACT ROLLER'S

**CONVEYOR TAIL & HEAD
DRUM PULLEY**

**CONVEYOR TAIL & HEAD
DRUM PULLEY**

ROLLER BRACKET'S

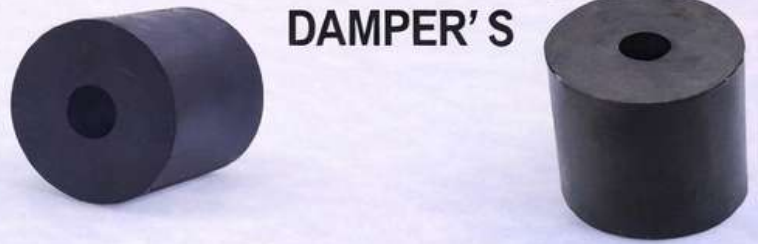

SCREEN Parts

Spring

- Heavy-duty steel springs
- High tension and durability
- Absorbs shock and vibration

ANTI VIBRATING DAMPER'S

MESH TIGHTENING CLAMP

- Robust steel construction
- Secures mesh in place
- Ensures proper tensioning

MESH TENSION BOLT'S

- Sturdy bolts and fasteners
- Zinc-coated for corrosion resistance
- Keeps screen mesh tightly tensioned

SCREEN CARDAN SHAFT

SCREEN CARDAN SHAFT

SCREEN & MOTOR PULLEY'S AND BUSH

Conveyor Parts

High Quality Conveyor Spare Parts & Industrial Solutions

METAL DETECTOR

Use: Detects unwanted metal contamination in conveyor systems.

MAGNET

Use: Removes ferrous metal from bulk material on conveyors.

V-PULLEY

Use: Used for power transmission in conveyor systems.

Features:

- ✓ Precision balanced
- ✓ Long service life
- ✓ High strength material
- ✓ Smooth operation

CONVEYOR GEAR BOX

Use: Controls speed & torque in conveyor systems.

Features:

- ✓ High efficiency
- ✓ Robust design
- ✓ Low noise operation
- ✓ Long durability

Our Advantages

- ✓ Reliable Products
- ✓ Competitive Pricing
- ✓ Fast Delivery
- ✓ Customer Satisfaction

We provide complete conveyor solutions

Lubricant's & Filters

Lubrication & Hydraulic Oils

- ✓ Shell, Gulf, and Valvoline Brands Available
- ✓ High-quality lubrication and hydraulic oils
- ✓ Ensuring optimal performance and protection

Filters

- ✓ Air filters, lubrication filters, and hydraulic filters available
- ✓ High-efficiency filters for industrial use
- ✓ Various sizes & specifications in stock

ELECTRICAL Cables

Reliable Power Transmission Solutions
for Industrial & Domestic Use

Key Highlights

- ✓ High conductivity copper & aluminium cables
- ✓ Heat, fire & moisture resistant insulation
- ✓ Long service life with superior performance
- ✓ Suitable for industrial, commercial & domestic use

Available Range:

- LT Power & Control Cables
- HT Cables
- FR / FRLS House Wires
- FR / FRLS Project Coil

Available Range:

- Industrial Flexible Cables
- Submersible Flat Cables
- Welding Cables
- Shielded Flexible / Fire Survival Cables

All sizes & specifications available as per requirement

Quality Assured | Competitive Pricing | Ready Stock Available

ELECTRICAL Parts

- ACBs in 3/4 Pole, MDO/EDO types Thermal magnetic and microprocessor based.
- MCCBs in 3/4 Pole, Thermal magnetic, microprocessor based, Solar MCCBs.
- SFUs with fuses in open execution & SS enclosure versions.
- Changeover Switches in open execution & SS enclosure versions.
- Changeover Switches in open execution & SS enclosure versions.
- Power Contactors; Overload, Digital Protective & Contactor Relays.
- Power Capacitors & Capacitor Duty Contactor Relays.
- Meters, Timers and Selector Switches

ELECTRICAL Parts

Contactors and MPCB

ACB-Circuit Breaker

DOL & Star-Delta Starters

HMI & Industrial PCs

Soft starters, VFDs

HMI & Industrial PCs

MCB, ELCB & RCCB

Safety modules

LV & MV capacitors
